Sir:

Please enter the following amendments.

In the Claims

Please amend Claims 45, 58-61, 74-76, 78, 80 and 82 as follows:

45. (Twice amended) A financial accounting system, comprising:  
a financial accounting computer having at least one file;  
a plurality of financial transaction computers for receiving data  
inputs, said data inputs including electronically recorded financial transactions made  
between at least one user and at least one other entity;  
a network for transferring said data inputs from said financial  
transaction computers to said at least one file of said financial accounting computer; and  
means for providing access to said at least one file of said financial  
accounting computer for said at least one user and/or an agent of said at least one user so  
that said user and/or said agent can perform one or more activities selected from the  
group consisting of entering, deleting, adjusting and processing said data inputs.
